Subject: RE: Request for OMB Non significance determination - Region 6 general permit

Hi Nichole,

Sorry for not responding sooner, but I am happy to say that OMB just determined this permit as “non-significant” at draft stage. Let us know if you need any assistance as you prepare for signature/FR publication.

Thank you!

Good morning Caryn,

Just wanted to check in and see if there were any updates on the determination for the Region 6 OCS permit.

Thanks,

Nichole Young

Thanks Caryn,

Please see responses to questions and attached TCW study that is referenced in the non-significance determination. I have attached a clean version as well.

Greetings,

We have a few minor questions, edits, and comments from my office. Can you help clarify a few items? We are happy to answer any questions that you may have.

Subject: Request for OMB Non significance determination - Region 6 general permit

Caryn,

Hope you are doing well! Can you transmit the attached request for OMB non-significance determination? The Region is asking for expedited review as the existing general permit expires in September and new dischargers will not be able to authorize their discharges until the new permit is issued. In the past, OMB generally did not designate draft general permits, but rather requested that we summarize major comments when we resubmitted the request for non-significance prior to finalizing the permit. Nichole Young and Brent Larsen are the technical experts for this general permit.

Thanks

Kevin
